

THE CHILDREN LOVE IT

BENEFITS OF LUNCHHOUND

PRE-ORDERING

- ✔ Puts parents in control adding transparency to the child's selection
- ✔ Empowering pupils to make their own choices
- ✔ Removes the need for manual ordering paperwork, streamlining the process
- ✔ Menu choices are guided by the child's dietary profile and preferences

SOCIAL DISTANCING COMPLIANT

- ✔ Pupil bubbles are maintained ensuring a contact free process
- ✔ Supports flexible meal service in the classroom and at the counter
- ✔ Speed of counter service remains flexible by pupil throughput
- ✔ Full reporting enables the kitchen with the preparation and delivery of correct meal to the correct pupil

PARENT ACCOUNT

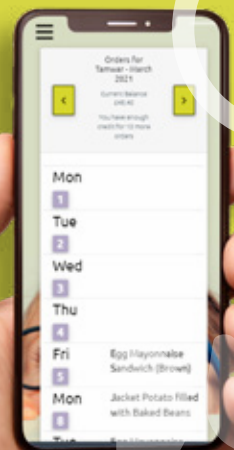

- ✔ Seamless digital process from pre-order to payment
- ✔ Removes the need for manual interaction by school office
- ✔ Automatically calculates Free School Meals and Universal Infant School meals

PUPIL ACCOUNTS

- ✔ Seamless integration of pupil and teacher accounts across Management Information System and platforms (e.g. SIMS, Arbor)
- ✔ No duplication of accounts needed
- ✔ Seamless transfer of meal patterns, dietary preferences and Free School Meal data

DIGITAL RECORDS

- ✔ Transparency of transactions for office, parent and caterer
- ✔ Reduces debt issues
- ✔ Offers clarification at food collection point
- ✔ Order history preferences enables menu development
- ✔ Automatic generation of meal numbers
